ALL YOUR RELEASE PAPER
NEEDS IN ONE PLACE

KEY APPLICATIONS:

- Large-format advertising
- Car wrapping

Drawing on our extensive experience supplying the photographic industry, Felix Schoeller's Release AQULIX solutions have been specially designed to meet your graphic art needs. These products are ideal for everything from large-format advertising and promotion purposes to self-adhesive vinyl for vehicle wrapping.

In addition to high-quality and renowned reliability, when you partner with Felix Schoeller you can always be sure you will find everything you need conveniently in one place. Our goal is to help you make your product the best it can be.

KEY BENEFITS YOU CAN COUNT ON

EXCEPTIONAL SURFACE SMOOTHNESS

The smoothness of our surfaces is outstanding. Our product optimally supports the smoothness and gloss performance of the end product.

BEST-IN-CLASS LAYFLAT PERFORMANCE AND DIMENSIONAL STABILITY

Years of experience developing photographic paper lend themselves directly to fighting curl and promoting dimensional stability.

EXCELLENT STIFFNESS PROPERTIES

Choose from numerous levels of product stiffness, according to your needs. We can even tailor a level to suit.

OUTSTANDING LOW LEVEL OF SILICONE EXTRACTABLES

Our solutions offer excellent silicone curing properties. You can be sure the silicone has cured optimally and will not have a detrimental effect on the adhesives or cause aesthetic flaws.
